

Retrieve keystore in JKS format

[?https://meteo.unican.es/svn/repos/meteo/software/RetrieveESGFCredentials/RetrieveESGFCredentials/](https://meteo.unican.es/svn/repos/meteo/software/RetrieveESGFCredentials/RetrieveESGFCredentials/)

Using keystore in jKS in toolsUI

Keystore must be in JKS format

```
java -Dkeystore=.esg/keystore.ks -Dkeystorepassword=changeit -Dtruststore=.esg/esg-truststore.ts -Dtruststorepassword=chan
```

From Keystore in JKS to pem

From keystore in JKS to keystore in PKCS12

```
keytool -importkeystore -srckeystore keystore.ks -destkeystore keystore.p12 -srcstoretype jks -deststoretype pkcs12
```

From keystore in PKCS12 to pem

```
openssl pkcs12 -in keystore.p12 -out keystore.pem
```
